

November 11, 2019

For over 20 years Plaza Heights Christian Academy has prepared its students with a foundation for lifelong excellence with the focus to educate the **whole child**. Our commitment is to develop children spiritually, emotionally, academically, and physically in an environment that is centered in Biblical truth. By nurturing strong Christian virtues and moral values each student is prepared to enter an ever-changing society.

We know that your support to the ministry of Plaza Heights Christian Academy has been so important over the years, and we are thankful for all of you. Now as we look to the future, we see many exciting opportunities for an affordable, Independent, non-denominational Christian school ministering in the Blue Springs and surrounding areas.

Apart from the influence of godly parents who have their child in a church on an average of 2-4 hours a week, where a child attends school has the greatest influence on whether a child embraces Christ and His truth. A child spends 35-45 hours each week in a school setting. It has been said that **“whoever wants the next generation of children the most, will get them!”**

It is with great anticipation as to what God is doing at PHCA, that we come to you about our first annual fund campaign.

In order to accomplish these goals, we have created the **“Plaza GRACE” Annual Fund event**.

**What is the “Plaza GRACE” Annual Fund?** The “Plaza GRACE” Annual Fund is an annual giving campaign that gives our community the opportunity to enhance the distinctive qualities that Plaza offers, including smaller classes, exemplary teachers, exceptional academics, fine arts, athletic programs, and an unapologetically Christian foundation for our students.

**Where do the dollars go?** Gifts to the “Plaza GRACE” Annual Fund will go towards yearly annual improvements including: tuition assistance, faculty/staff development, technology, program support for all levels of the school, and facility cost.

**How can my donation make a difference?** Every gift makes a difference, regardless of the amount. We encourage you to pray and give according to your means to support our ministry and our mission. Also, increased participation in giving by the Plaza community, including our school board, faculty/staff, parents, grandparents and alumni, helps pave the way for potential future support from outside organizations and charitable foundations.

**As we look ahead to the end of this calendar year, please take the time to pray and carefully consider your giving to impact the people we serve and their families.**

A gift of any amount could make a huge difference! God has placed you in a very special position to make an eternal difference through His work at our School. I appreciate you taking the time to prayerfully consider this request.

**December 2019 is our 'Month of Giving' campaign. You can use #GivingTuesday, December 3<sup>rd</sup>, to kick off our Month of Giving, or throughout the month of December, you may use the school web site donation page or send your gift to the school office in the provided envelope.**

Please help impact the educational experience of every student with a tax-deductible donation. Your generous support really does make a difference.

Sincerely,

*Charles Lawson*
